

MISSION

Delivering a fast, lean, end-to-end, flexible manufacturing process that serve the DoD and related U.S. government operations to ensure the rapid deployment of mission specific, technical solutions -- world-wide.

CAPABILITIES

Located at the Springfield-Air National Guard airport in Springfield, OH, SelectTech GeoSpatial is home to the Dayton Regions' Advanced Manufacturing Facility (AMF)

- 🌿 17,000 sq ft hangar on the flight line
- 🌿 Modern engineering & design
- 🌿 Software development
- 🌿 Prototyping
- 🌿 Manufacturing & production
- 🌿 Product validation & test – including extensive flight testing
- 🌿 Associated support across our extensive communications product lines

Our facility design and equipment capabilities are not only based on the needs of our core workload – we continue to work with our partners in the region to effectively incorporate their needs and satisfy their gaps so that we may effectively leverage existing capabilities and infrastructure.

GeoSpatial's highly qualified staff looks forward to working with you, our customers and partners, to deliver high quality solutions that exceed your every expectation!

- 🌿 Concept – Transforming ideas into innovation
- 🌿 Design – See and simulate ideas - virtually
- 🌿 Prototype – Fast, physical 3-D models
- 🌿 Manufacture – Best value – just-in-time
- 🌿 Test – Quality feedback – continuous improvement
- 🌿 Flight Test – Real-time environment feedback
- 🌿 Support – Partner for the life of the product
